

“Die Eiland View”: 225x310mm

Oil on Canvas, Framed with recycled Wood. A river flows on either side of this camp site and thus it is called “Die Eiland” in Jonkershoek valley, where we had our Bible College Camp a few years ago.

“Lavender Sunset Stellenbosch”: 700x500mm

Oil on Canvas, stretched. We have graduated many Miracle Bible College students with this backdrop. The heat on this afternoon was searing as the red and burnt orange field in the foreground. The Lavender bushes are echoed in the shadows of the Suurberg, Kleinnek and Grootnek peaks drawing one into the Hottentots Holland Mountains in the distance.

About the Artist

As an Apostle and Director of Harvester International Ministries, Aje Pelser supports Missions and continues to celebrate God’s creation through creations of his own. From the vistas of Stellenbosch to the raw power of the ocean, his brush & palette knife seeks to express the energy and emotion of each scene. The Life of Christ collection is growing, and the watercolours are the first in a series. All original art works are available for order in print on request. Aje is married to Chantal Pelser and has 3 children: Cherie, Ethan and Zoe. The artist thanks Harvesters around the world for supporting the great commission as well as those who seek to fulfil God’s wish to make disciples of all nations. This is a joint exhibition with his father Andre Pelser who will be reaching his 110th nation this year with the Gospel of Jesus Christ, Lord willing!

A2 and A3 Prints of Selected Works are available on Fine Art Paper printed with long lasting ink.
